Hello, hello, hello to the USA
We've been ripped off by democracy
Shot down, kicked down, in the face
We looked up there was nothing

[Chorus:]
You see this [x3]
NO COMPROMISE!
(no compromise, no compromise)
You see this [x3]
NO COMPROMISE!
(open your eyes, open your eyes)

See the stars and stripes so bright
They call out your name so you can fight
You want to kill, don't want to die
Well that's the role of a soldiers life

[Chorus]

Ripped off, lied to, no compromise
Ripped off, lied to, no compromise
Ripped off, lied to, NO COMPROMISE!
