Verse 1:

I may not know, where I'm going now
This broken road is trying to tear me down
But deep inside I've found

A secret place that I never knew
Where I feel safe when the world is untrue
And here's what I learned to do

Chorus:

Just sing this song
And it takes me right back
Where I belong
And every day there's a new bridge to cross
But I'm never far from home
If I put my heart, my soul, my all
In this song
oh

Verse 2:

I don't depend on friends because they come and go
My belief in myself is going to carry me through
That's why I'm learning
Oh, I'm learning now
I'm learning to sing

Chorus:

Just sing this song
And it takes me right back
Where I belong
And every day there's a new bridge to cross
But I'm never far from home
If I put my heart, my soul, my all

Bridge:

I may not have all the words
That I need to say it
No I won't always be strong
But I'm never afraid
Because I hold my destiny
It depends on me alone
Alone, so

Chorus:

Just sing this song

And it takes me right back

Where I belong

And every day there's a new bridge to cross

But I'm never far from home

If I put my heart, my soul, my all

I keep giving my heart, my soul, my all
