You had it all but took God's love for granted
The truth was there but you did not understand it
God wanted in your heart
But you didn't know where to start
He gave you His Son but you just ran away

GONNA DIE TRYING CAN'T LIVE ON THE RUN
GONNA DIE TRYING CAN'T LIVE ON THE RUN
GONNA DIE TRYING CAN'T LIVE ON THE RUN
PRODIGAL

God can lift you up and make you whole again
Surrender your heart and He can wash away your sin
He knows your every need

He sees your every deed
He can heal your heart if you just pray to Him

REPEAT CHORUS

Then I woke
God's love was shining down on me
He whispered my name and wrapped His arms around
me
It was like I'd not been gone
He had loved me all along
And now I know I'll never leave again

NOW I'M HOME NO NEED TO RUN
NOW I'M HOME NO NEED TO RUN
NOW I'M HOME NO NEED TO RUN
PRODIGAL
PRODIGAL
