In the eye in the heart in the flesh
In my mind all the time
Silver fountains golden castles made of ashes
Crimson tide blood like wine

Earth mother birth goddess
I love you like no other
Within you around you
A stream of fire inside you
Earth mother birth goddess
I love you like no other
Within you around you
I can't exist without you

Dream forever prince of nowhere man of shade
I cast my fire where I go
Tears and treason in my prison night and day
You destroyer of my soul

Earth mother birth goddess
I love you like no other
Within you around you
A stream of fire inside you
Earth mother birth goddess
I love you like no other
Within you around you
I can't exist without you

Earth mother birth goddess
I love you like no other
Within you around you
A stream of fire inside you
Earth mother birth goddess
I love you like no other
Within you around you
I can't exist without you
Earth mother birth goddess
I love you like no other
Within you around you
A stream of fire inside you
Earth mother birth goddess
I love you like no other

Within you around you
I can't exist without you
