Everyone needs love
That I know for sure
If sin is a disease
Jesus is the cure

There will come a time
In your desperation
When you're crying out
Love is on the way

Goodbye lonely nights
Lived in isolation
When a shadow on the wall
Is your closest friend

Farewell lonely days
When your voice just echoes
Let the shadow fade
As you realize

Chorus:
Deep and wide
Deep and wide
Is the love of Jesus Christ
Deeper than the oceans
Higher than the skies
Is the love He had for
You and I
Deep and wide
Deep and wide
Deep and wide
Deep and wide...

We are all the same
Born in depravation
Jesus, He can give
What you're looking for

Welcome every day
Like a gift from Heaven
Everything will change
Give His peace a chance

(Chorus)

To think that He died
For such as you and I
Is incredible
It is the most amazing love
One could ever find
He hung in our place
Bore our shame and our disgrace
And took the blame
How could we return a love
So deep and so wide
Deep and wide

Deep and wide
Deep and wide
Deep and wide
Deep and wide...

It's so deep
It's so wide
It's so long and high...
