You..

Wish that you could see

The future

Wish you could know

What lies ahead

Wish the road you're on

Be easier

You've come too far

To turn away

I know what it's like

To feel alone

I'll carry your burdens

On my shoulders

No need for you

To be afraid of

All the mountains

Left to climb

I'm the One who goes

Before you

You can leave all

Your fears behind

Maybe tomorrow seems unsure

But child you must carry on

Chorus:

Don't turn your back now

Don't turn away

Even when your sky turns grey

When the rain falls

I will be your shelter

I'll be your hiding place

Don't turn your back on me

Soon all your troubles

Will be over

All your sorrows laid to rest

And the road you're on

Will lead you

Into the arms of the One

Who said

Through it all one thing
Is for sure
I'll never let you down

(Chorus)

Don't turn your back on me
