Hey  
What about now  
Now that you've heard it  
You cannot pretend any longer  
Now you know better  
Don't wait 'til its too late  
You say tomorrow but what about today

What about Now  
What about Now...

Hey  
What about now  
Now that you've heard it  
You can't run away any longer  
You can't hide forever  
Won't you come home to stay  
Time can't be borrowed  
Don't let it slip away  
You're walking a tight rope that soon is gonna break...  
so What about Now...  
What about Now...  
What about Now...

2 Cor 6:2
