Digital communication
Information deformation
Media manipulation
Character assassination
Nationwide intoxication
Socio-manipulation
The wonders of civilization? A generation victim to
emotional decapitation

Yes, it's worse than it may seem
Machines create our dreams
We pretend that we are blind to find some peace of
mind

Deny
Shut your eyes, keep living the lie
Deny
Like there's no tomorrow
Deny
Shut your eyes so you won't realize...
Deny
... there might be no tomorrow after all

Visual contamination
Electronic penetration
Technological temptation
Sexual degeneration
Synthetic imagination
Artistic demystification
Mind sedated isolation

A generation victim to emotional disintegration

Yes, it's worse than it may seem
Machines create our dreams
We pretend that we are blind to find some peace of
mind

Deny
Shut your eyes, keep living the lie
Deny
Like there's no tomorrow

Deny
Shut your eyes so you won't realize...
Deny
... there might be no tomorrow after all

Yes, it's worse than it may seem
Machines create our dreams
We pretend that we are blind to find some peace of
mind

Deny
Shut your eyes, keep living the lie
Deny
Like there's no tomorrow
Deny
Shut your eyes so you won't realize...
Deny
... there might be no tomorrow after all
