I'm trapped under ice, my veins about to burst - all  
shattered broken empty and scared  
I honestly don't know what frightens me worse - me  
going under or you not being there  
I thought you'd remember the promise you made - I am  
scared  
To never leave me all alone in the rain - so scared  
But it seems to me like you never ever told me the ugly  
truth - misled  
Excuse for not understanding about being a fool

I'm so lost where are you when you're supposed to  
save me and make sure I will make this promise alive  
Lost and waiting for you the one who once betrayed me  
only to tell me that everything will be fine  
Seems like my hopes are just a joke anyway - cause I've  
been lost all the way

My soul has been flogged, crucified out there - ever  
since you build I've run all out of tears  
I honestly can't tell what's harder to bear - me slowly  
dying or you're not being here  
I thought you'd remember the promise you made - I am  
scared  
To never leave me all alone in the rain - so scared  
But it seems to me like you never ever told me the ugly  
truth - misled  
Excuse for not understanding about being a fool

I'm so lost where are you when you're supposed to  
save me and make sure I will make this promise alive  
Lost and waiting for you the one who once betrayed me  
only to tell me that everything will be fine  
Seems like my hopes are just a joke anyway - cause I've  
been lost all the way

I thought you'd remember the promise you made  
To never to leave me along in the rain  
But it seems to me like you never told me the ugly truth  
-  
Excuse for not understanding about being a fool
