I bare my soul on a silver platter - my back to the wall
blindfolded tied up battered
Yearning for someone someone to end this misery but
will that someone anyone every come to rescue me?

Somebody save me, I'm close to the edge - someone to
fill me with life give me dreams I've never had
Somebody save me and answer my pleas - someone to
lift me back up and put my heart at ease
Somebody help me please

Outcast alone searching but never finding - I'd give my
all for a trace of silver lining
Yearning for someone someone to end this misery but
will that someone anyone every come to rescue me?
Somebody save me, I'm close to the edge - someone to
fill me with life give me dreams I've never had
Somebody save me and answer my pleas - someone to
lift me back up and put my heart at ease
Somebody help me please

There's not much left for me to lose can anyone heal
these wounds?
Someone to start my life anew - where's that someone
where are you?

Somebody save me, I'm close to the edge - someone to
fill me with life give me dreams I've never had
Somebody save me and answer my pleas - someone to
lift me back up and put my heart at ease
Somebody help me please
