## "Sweet Revenge"

Visit "[Sweet Revenge](#)" on MotoLyrics.com

You tried playing games with my soul and my mind you  
lied to my face broke my spine  
You're stolen my innocence through all your shams my  
heart pleads you shall all be damned  
Obscuritatem pestilentiam et malum - miseria et dolor  
tecum

Run cause I'll trace you I'll chase you I will face you then  
I will erase you  
Sweet revenge for all the things you've done to me  
Run cause I'll bait you give it straight to you I will break  
you devastate you  
Sweet revenge for what you've done to me

You've shattered my plans all my dreams have be  
slained you sent all my hopes down the drain  
You think that you've still got my heart on a string -  
sweet revenge is still waiting in the wings

Obscuritatem pestilentiam et malum - miseria et dolor  
tecum

Run cause I'll trace you I'll chase you I will face you then  
I will erase you  
Sweet revenge for all the things you've done to me  
Run cause I'll bait you give it straight to you I will break  
you devastate you  
Sweet revenge for what you've done to me

Obscuritatem pestilentiam et malum - miseria et dolor  
tecum

Run cause I'll trace you I'll chase you I will face you then  
I will erase you  
Sweet revenge for all the things you've done to me  
Run cause I'll bait you give it straight to you I will break  
you devastate you  
Sweet revenge for what you've done to me
