Will you be by my side or are you gonna leave when it
all falls down
Will you stay with me all the way or will I find that you're
nowhere to be found
Would you rescue my life or would you break the
promise that you once made
Say would you carry me all the way or would you leave
me out there in the rain

Everything's been swell so far but one thing I need to
know

Quo vadimus?
Will you be there for me, will you be near to save me
and dry my tears
Quo vadimus?
Will you be there for me, will you be here, I need you to
be sincere
Quo vadimus?
You may never know how much this means to me
Will you be there for me
Quo vadimus?

Would you lift me back up or would you shove my face
In the drift for good
Would you stick to the things you said
Or would you tell me "baby, you misunderstood"
Will you be there for me or don't you give me a damn
about what I feel

Say would you carry me all the way or could you care
less about my needs

Everything's been swell so far but one thing I need to
know

Quo vadimus?
Will you be there for me, will you be near to save me
and dry my tears
Quo vadimus?
Will you be there for me, will you be here, I need you to
be sincere

Quo vadimus?
You may never know how much this means to me
Will you be there for me
Quo vadimus?

Everything's been swell so far but one thing I need to
know

Quo vadimus?
Will you be there for me, will you be near to save me
and dry my tears
Quo vadimus?
Will you be there for me, will you be here, I need you to
be sincere
Quo vadimus?
You may never know how much this means to me
Will you be there for me
Quo vadimus?
You may never know how much this means to me
Will you be there for me
