Oh no no no no no  
Lately something's come over me  
I once was blind, oh but now I see  
A power flowing through my soul  
Giving me control  
Making me feel whole

(Chorus)

Lead me, all through the days I go  
I need you all through my life I know  
All my life I felt that I  
Would rise above and reach the sky  
All I needed was a helping hand  
And there you were  
For me once again

(Repeat Chorus)

(I need you in my life)  
(I need you) Now I can thank you  
For showing the way  
Keeping me strong every day  
All because of you  
I can do anything  
Lead me home, lead me home

Please don't leave me  
Don't go away  
'Cause I need you today in my life

(Repeat Chorus 2x)

'Cause I need you today in my . . .
