My obsessions get the best of me
And lately, I've felt incomplete
Whenever I try to pull through
I slip further away from You

I'm sick of all this tension
My sanity can't be found
And I don't wanna go on livin' like
You're not around

It's time
I have to draw the line
It's gone way too far now
I won't wait another day

I need You
To fill the empty space
And take me from this place
I can't stay

Can't stay, can't stay
Can't stay, can't stay
Can't stay, can't stay
Can't stay, can't stay
Can't stay, can't stay

I'm sorry that I've been so cold
My excuses are pitiful
I've done all, I can to gain control
But You are the hand, I need to hold

I'm not capable of savin' myself
I've finally figured out how to rely on someone else

It's time
I have to draw the line
It's gone way too far now
I won't wait another day

I need You
To fill the empty space
And take me from this place

I can't stay

I can't stay
I can't stay
I can't stay
I can't stay

It's time
I have to draw the line
It's gone way too far now
I won't wait another day

I need You
To fill the empty space
And take me from this place
I can't stay

It's time
I have to draw the line
It's gone way too far now
I won't wait another day

I need You
To fill the empty space
And take me from this place
I can't stay

Can't stay, can't stay
Can't stay, can't stay
Can't stay, can't stay
