You can't hear your heart
You can't see your dreams
Feels like your world is falling apart
And your soul's torn at the seam's

Oh, you know when your world is unraveling
Holding on, hanging by a thread
Don't you know there's somebody to pull you in?
Don't cry anymore

He will, He will love it away
He will be there everyday
If you're hurting, feeling afraid
He will love, love, love it away

Love, love, love it away
Love, love, love it away
Love, love, love it away
Love, love, love it away

What are you fighting for
And what are you running from?
Moving like a fast train out of control
Pretending there's nothing wrong

And I know you're thinking you're alone
And you wear a smile to cover up the pain
You don't have anywhere else to go
Don't fight it anymore

He will, He will love it away
He will be there everyday
If you're hurting, feeling afraid
He will love, love, love it away

Love, love, love it away
Love, love, love it away
Love, love, love it away

You're so sure that no one knows what you're going
through
I know exactly how you feel 'cause I see myself in you

What is broken, what's been stolen
Our Father will restore

He will, He will love it away
He will be there everyday
If you're hurting, feeling afraid
He will love, love, love it away

Love, love, love it away
Love, love, love it away
Love, love, love it away
Love, love, love it away

Love it away
Love, love, love it away
Love, love, love, love, love, love it away
Love, love, love it away
Love, love, love it away

Love it away, love it away
Love it away, love it away
Love it away, love it away
Love it away, love it away
Love it away
