I was so heartbroken when you came into my life
I didn't notice your love for me
And I think I have to love you for having me
But I guess I'm just sleeping
'coz I think I am not for you
And I really really do
[CHORUS]
I know your love was not for me
I wanna let you go and set you free
But my heart says too much
And said can't live without your touch
So here I am crying night and day
Thinking of you hope you'll be okay
One thing that I'll let you see
I'll care just you've cared for me

You've been my life since I realized I love you
You've been my hope since the day I said I love you
But I guess I really need to thank you
For caring me since I know you
And I think you wanna say you love me too
I was just blind and never got your mind

(repeat chorus)

[BRIDGE]

I'll care for you
I want your touch
And love so much
To prove to you I'm worthy
I'm not gonna live you
Instead I'll stay beside you...
Oohhh!!!

(repeat chorus)

Ohh.. one thing that I'll let you see
I'll care just you've cared for me
