It's all the time
All of the time
That's just my point of view
Yeah
Some try
to mess with my (mind/vibe?)
I got no problems
Already solved them

Oh
Don't bring me down
Cause It's all good
Don't let this stormy weather
Oh
Don't bring me down
I'm not gonna go there

Don't rain on my parade!
Don't break my heart today!
I won't let the clouds get in my way
Oh no!
Just wanta have some fun
I'm not the only one
Everything is gone so good today
Don't rain on my parade

If people stare
At the blood in my hair
Why let it bother me?
Oh
Say what you like
I don't really care
I'm doing just fine
Living in sunshine

Oh
Don't bring me down
Cause It's all good
Don't let this stormy weather

Oh
Don't bring me down

I'm not gonna go there

Don't rain on my parade!
Don't break my heart today!
I won't let the clouds get in my way
Oh no!
Just wanta have some fun
I'm not the only one
Everything has gone so good today
Don't rain on my parade

Can't take my, my sunshine
Let it (rock/ride?)
Even if they try
It's just a waste of time
Can't sway me

i know it drives you crazy
watching me having such a good time!

[Music Break]

Oh
dont bring me down
when everything is all right

Don't rain on my parade!
Don't break my heart today!
I won't let the clouds get in my way
no!
Just wanta have some fun
I'm not the only one
Everything has gone so good today
Don't rain on my parade
