The girl and the ghost
Sit in the corner
The girl and the ghost
Seem to have a lot to say

The girl and the ghost
Haven't seen each other in three years
The girl and the ghost
A few simple seconds slipped away
Slipped away

The ghost and the girl
Commonly connected by something bigger
A phenomenon that sets off the eternal trigger
And lets the light through that usually goes around
And around and around

The girl and the ghost
Meet in the corridor
The girl and the ghost
They touch fingers and walk right through

The girl and the ghost
Feel so familiar and fearless
The girl and the ghost
Know each other like other people do
Other people do, other people do

The ghost and the girl
Commonly connected by something bigger
A phenomenon that sets off the eternal trigger
And lets the light through that usually

Ghost and the girl
Commonly connected by, well, something bigger
A phenomenon that sets off the eternal trigger
And lets the light through that usually goes around
And around and around
Usually goes around and around and around

Usually goes around
Goes around, it goes around, it goes around

It usually goes around
It goes around, it goes around, it goes around
It usually goes around

It goes around, it goes around, it goes around
It usually goes around
It goes around, it goes around, it goes around
It usually goes around

It goes around, it goes around, it goes around
It usually goes around
