Show me what it is you've done  
Pull the covers off in front of everyone  
Sure you want us all to see  
What you created for yourself in spite of me

You can try to tie me down  
You can try to string me up  
But you have no luck now

Please don't ever let me down again  
It shouldn't be allowed  
Please don't ever make me frown again  
You have shown me how

Please don't try to be my friend again  
'Cause I don't want you  
I don't want you now  
I don't want you now

So now you learned to make your bed  
Far be it for me to be the one to pay your head  
The truth is you know I could have pulled you up  
But you'd already advertised that I had slashed the  
tires  
Of your one man show

You can try to tie me down  
You can try to stitch me up  
But you have no luck now

Please don't ever let me down again  
It shouldn't be allowed  
Please don't ever make me frown again  
You have shown me how

Please don't try to be my friend again  
'Cause I don't want you  
I don't want you now  
I don't want you now

I don't want you now  
No, I don't want you now

No, I don't want you now  
No, I don't want you now

The truth is that I could have pulled you up

You can try to tie me down  
You can try to string me up  
But you have no luck now

Please don't ever let me down again  
It shouldn't be allowed  
Please don't ever make me frown again  
You have shown me how

Please don't try to be my friend again  
'Cause I don't want you  
I don't want you now  
I don't want you now  
I don't want you now
