Walking around in a daze
after days now it's been
Talking it up as amazing,
A maze that I'm in.
Looking at the stars for the answers
But all that I found was silence and dirty ground

If only you could see me now
If only you could hear me out
If only it was only me now.

Listen just a little bit harder
for i tell the truth
if it isn't just a piston in an engine
To keep you moving
You're looking like you're looking for something
And now, you're surrounded by silence- whoa.

If only you could see me now

If only you could hear me out
If only it was only me now.

Silence, silence, silence.
You're surrounded by
Silence, silence, silence.
You're surrounded by
Silence, silence, silence.
You're surrounded by
Silence, silence, silence.

If only you could see me now
If only you could hear me out
If only it was only me now.

If only you could see me now
If only you could hear me out
If only it was only me now.
If only it was only me now.
If only it was only me now.
