Mexican Dying in the dead of night
Take this broken leg and learn to walk
All your life
You were only waiting for Carmie to be a whore

Mexican dying in the dead of night
Take these pulled out eyes and learn to see
All your life
You were only waiting for Carmie to be a whore

Mexican die, mexican die
Into the light of the mexican sky

Mexican die, mexican die
Into the light of the mexican sky

Mexican dying in the dead of night
Take this bath tub and learn to shower
All your life

We were only waiting for this mexican to die...
