Talk about life  
You're looking for something new  
You talk about faith  
Believing in what you do  
Then you get high  
You rant until your face is red  
Maybe you'll find  
The change is all in your head  
It's in your head

I just got to say  
I'm feeling then same way  
I'm getting jaded getting faded got to rearrange it

Get back to where we started  
Get back to where we came  
Get back to the beginning  
When love was not a game  
All the things that you say  
They just give you away  
And I just got to say  
I never ever mamma never meant to hurt you

It's about time  
Baby that we break on through  
I think we should try  
We ain't got much to lose  
I don't want to fight  
Baby just to work it out  
To make things right  
I don't want to scream and shout  
Scream and shout no

I don't see a choice  
I got to raise my voice  
I don't see that anything has changed  
I don't see the world through the same bright innocent  
eyes  
I'm getting jaded getting faded got to rearrange it

Get back to where we started  
Get back to where we came

Get back to the beginning  
When love was not a game  
All the things that you say  
They just give you away  
And I just want to say  
I never ever mamma never meant to hurt you  
The things that you say  
They just give you away  
And I just want to say  
I never ever mamma never meant to hurt you

And I just got to say  
I'm feeling the same way  
Cause I don't see that anything has changed  
And I don't see the world  
Through the same bright innocent eyes  
I'm getting faded getting jaded

All the things that you say  
They just give you away  
And I just want to say  
I never ever mamma never meant to hurt you  
The things that you say  
They just give you away  
And I just got to say  
I never meant to hurt you  
I never meant to hurt you
