Children need a helping hand  
Children need a promised land  
Let the children feel again  
That love is alive  
Children need a helping hand  
Children are so innocent  
Make this world a wonderland  
So give us a sign  
So give us a sign

Children have a heart of gold  
Sometimes they feel alone and sold  
They need someone to be around  
Reach out a helping hand  
So many children don't know what to do  
'Cause no ones there to guide them through  
We are living in a world so cold  
Don't make them sad and sold  
They need a helping hand

Children need a helping hand  
Children need a promised land  
Let the children feel again  
That love is alive  
That love is alive  
Children need a helping hand  
Day by day  
Children are so innocent  
Show them the way  
Make this world a wonderland  
Join us and stay  
So give us a sign  
So give us a sign

Children need a helping hand  
We all are called to change  
Into a world of hope  
Without war and without pain

Children do have fantasy  
Their thoughts are far away and free

Dreaming of a wonderland  
They live in a children's world  
If we could live in perfect harmony  
Wonderland could be reality  
Without war and without pain  
And no one dies in vain  
That's the promised land

Children need a helping hand  
Children need a promised land  
Let the children feel again  
That love is alive  
That love is alive  
Children need a helping hand  
Day by day  
Children are so innocent  
Show them the way  
Make this world a wonderland  
Join us and stay  
So give us a sign  
So give us a sign

Children wanna find their own way  
Getting stronger day by day  
Children have a heart and soul  
Don't let them live without a goal  
Children make the world go round  
Don't destroy what they have found  
Set an example, be consequent  
Be confident with a helping hand

Children need a helping hand  
Children need a promised land  
Show them the way  
Let the children feel again  
That love is alive  
Children need a helping hand  
Children are so innocent  
Make this world a wonderland  
So give us a sign  
So give us a sign

Charity 1997

Featuring: Backstreet Boys, 'N SYNC, Mr. President,  
Captain Jack,  
Masterboy, D.J. Bobo
