Help me forget, help me forget  
The one I love so much  
We have to say goodbye  
It's just no good to try  
But we both know deep inside

We cannot get along  
We both tried to be strong  
But everything went wrong  
Maybe we don't belong  
Help me to forget, I tried so hard and yet  
It's just hard to forget

We cannot get along  
We both tried to be strong  
But everything went wrong  
Maybe we don't belong  
Help me to forget, I tried so hard and yet  
It's just hard to forget

We cannot get along  
We both tried to be strong  
But everything went wrong  
Maybe we don't belong  
Help me to forget, I tried so hard and yet  
It's just hard to forget
