I never dream  
'Cause I always thought that dreamin' was for kids,  
Just a childish thing  
And I could swear  
Love is just a game that children play  
And no more than a game.

Till I met you,  
I never knew what love was  
Till I met you,  
This feelin' seems to grow more everyday  
I love you more each day

I believe you  
I believe in every word when you say

'I love you all the way'  
Now I could swear  
Love is not a game that children play  
So tell me you'll stay

Till I met you,  
I never knew what love was  
Till I met you,  
This feelin' seems to grow more everyday  
I love you more each day

You and I should be together  
Can't you see?  
Can't you see?

Till I met you
