If we stand here together
And we see the world as one
We may think there's no future
But it's the same for everyone

It's like the world has lost its head
And it's like all the prophets said
But will we arise to a new world

If we stand here together
We can laugh at what we've done
All our time has been wasted
And there's nowhere left to run

There may be trouble up ahead
Will we be sleeping in our beds
Or will we arise to a new world

Look for signs and portents
I'm looking for a reason to believe

Will we arise in our time
At the dawn of another meaning
Will we awake at the break
Of a Great Hosannah

Well if there's nothing left to do
Just hold your breath and hope it's true
That we'll arise to a new world

Look for signs and portents
There's got to be reason to believe

Will we arise in our time
At the dawn of another meaning
Will we awake at the break
Of a Great Hosannah

Well if there's nothing left to do
Just hold your breath and hope it's true
That we'll arise to a new world
