Sworn to evil Enemy of God Baptized in fire Blessed by  
hell Spawned by hate  
Through demonic birth Raised by fiends of the pit Put  
on earth to ruin mankind  
Crowned prophet of death

666 is my mark Vowed to destroy The armies of Christ

I bring eternal suffering Your lord I will dispose To see  
sheep of Christ crushed  
The self destruction of his whores Your worthless  
savior will be extinct When time  
Comes for your mortal end With power from the realms  
of hell  
I conjure forth the hordes to do my bidding on  
Earth As I execute my plans of war

I have come to destroy your world  
Mark of the devil The number of might Behold the  
image Of the fallen Christ  
With spite and vengeance I plague humanity Through  
abhorrence the flag of hate is  
Raised Immersed in blood upon the empty coils  
Battered and slaughtered by legions of hell

666 Is my mark Forever empowered  
By the devil's mark

Christ has fallen Indeed he has fallen  
Slaughterer to men holy lies Blasphemed with the sign  
of Satan Jehovah's  
Clan will die Renouncing the trinity of lies World is  
shattered by the majesty of thy  
Glory Torture, molested by satanic force Sadistically  
torn apart  
Eliminated piece by piece Underneath the Devil's mark
