Dancing in your shadow  
I was riding through a different state of mind  
No one can perceive the state I'm in  
It's like the living world is blind

It's a feeling like no other  
Spending Easter with you're mother  
Darling, it's a freaky roller coaster ride  
Well, if you know the feeling, baby  
Peel me of the ceiling baby

Did you know planet earth was blue?  
Turning blue, don't you try to talk to me  
I'm a space man sitting in the sky  
I'm a sleeping sweetly, honey  
Let the sleeping pretty smart dogs lie  
Let 'em fly

Wait until tomorrow  
See the summer sun upon the ocean sky  
Look at the creator  
See the master of magicians fantasize

It's a feeling like no other  
Spending Easter with you're mother  
Darling, it's a freaky roller coaster ride  
Well, if you know the feeling, baby  
Peel me of the ceiling, baby

Did you know planet earth was blue?  
Turning blue, don't you try to talk to me  
I'm a space man sitting in the sky  
I'm a sleeping sweetly, honey  
Let the sleeping pretty smart dogs lie  
Let 'em fly
