I really thought that our love

Was supposed to last forever and e-ever-er-er, mmm

The way we used to make love

And all the things that you used to do to me, yeah-eah-  
yeah-eah, oh baby

(There's something you don't know about me baby so  
listen up)

So-o listen up

There's nothing I can do

That's gonna stop me from loving you

Fly-y girl, fly-y gir-ir-irl

I've never had a love oh so fine

Baby like yours and mi-i-ine

Fly-y girl, Fly-y gir-ir-irl

I promise to love you baby with all my hear-ear-eart,  
yeah-yeah

I wish so much for you baby

That I would cry forever just to be with you-ou-ou-ou

These words I write for you baby, so much I pray to God

I hope you see-ee-ee, oh baby, yeah-eah-eah

(There's something you don't know about me baby so  
listen up)

There's nothing I can do

That's gonna stop me from loving you

Fly-y girl, fly-y gir-ir-irl

I've never had a love oh so fine

Baby like yours and mi-i-ine

Fly-y girl, fly-y gir-ir-irl

I promise to love you baby with all my hear-ear-eart,  
yeah baby-y-y

I never knew a love like this before

You are my fly girl who I adore

The times we share, the love we made

My sweet lady, my pretty baby

I can't imagine life without you

You know that (there's so much I've really got, I...)

I'll always be true to you

Just let me show you how I feel

(There's something you don't know about me baby so  
listen up)

So-o listen up

There's nothing I can do

That's gonna stop me from loving you, baby-y-y-y-y-y-  
y

Oh baby-baby

(Girl, come on, come on, come on baby, yeah

I promise to love you baby with all my hear-ear-eart

Yeah-eah-eah-eah-eah...
