Immortal beloved
Immortal grim
I am the cold
I am the dead

Kill him
The holy
I want - the whore to cry
Watch while the red sky burns
Through the blood of (the) dead
Wage war - torch the heavens

Legions
Grim horde
Summon - the goats that hate him
Condemn him - await the beheading
Bastards - we'll bathe in blood
Wage war - torch the heavens

In the black flames of the night, all that is holy will be
destroyed

I will see your god, fuck and destroy your -
Will, is raped and left, watch while I piss on his corpse

Eternal damnation
Will prevail
No longer enslaved am I

Embraced by the sign of evil, join our legions for the
sacrifice of the whore's child
