Rise - Seven heads of blasphemy

Attack - On wings of anarchy

Guarded - By the armor of Baphomet

Destroy - The heavenly hierarchy

Enshrouded by darkness Blessed in sin I hold the keys
to death and hell

Born in fire Bonded by blood Spawned beneath the
devil's mark

Empowered by wrath Son of revenge Before your death
you'll live torment

Those saved by the lamb shall be torn by the beast

On earth as it is in hell, there will be no reprieve

From the abyss I rise

To claim my crown (As) heir to Infernal Majesty

Deliver your death. Carnage by ritualistic means

Defile holy temples (The) flames of glory burn within
ash

Ascending my throne. Trampling upon the inferior
cross of Christ

His flesh denied (the) filthy prophet of life

I bring world demise to take what's mine

Angels will die (Behold) your savior sacrificed

Destroyed by hordes of demonic warriors

Apocalypse for hell's first born

I curse you all to eternal damnation

Aligned with evil by hell Summoned forth from chthonic
lands

In league with Satan Assassin of light To rule a
kingdom without end

Destroyer to man Lord of this world King of hell in the
highest form
