Ooooo Ali- Baba, Ali- Baba
Ooooo where is your gold?
Ooooo gimme to me, gimme to me
Gonna buy me sugar to heal my soul
Ooooo wherever I go
Ooooo it's the same situation
Ooooo people work, people die
People freeking out without
MEDication (for the nation)
Soooo Ali Baba Ali Baba
Sooo we no longer endure
Sooo we got to rob the bank
To save the dignity and the life of the poor
Soooo Ali-Baba Ali Baba
Soooo we got to self medicate
Ooooo reality to forget
We've got to self- medicate with a chocolate
Soooo Ali-Baba, Ali-Baba
Soooo we're together on a mission
to defeat the addiction,
(the) social segregation
and total humiliation
