Yeah yeah yeah yeah yeah.
Uh huh.
Yeah.
Come on, come on.

Millennium.
Millennium.
Here we go yo.
Here we go yo.
Here we go yo.
Here we go yo.

...I need you, I need you.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

Wanna picture you & I together in this paradise
It don't matter really where we go
Or where we at I'm feelin' right
Cause I remember you were down with me
To be with me & care for me
You could get with me across the world
& stay this way sencerity.

Cause that when it comes to you
I do anything
Anytime or the place
You know that I'll be there
Should have thought before
You came & stepped to me
Now listen close
This is what I mean.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

I wish I could just let you know that I want to keep it real
We could keep it on the downlow
Let me know whatever you feel
You know I want you for my lady
& baby you drive me wild
You drive me crazy
Just stay with me a little while.

Oh I know that you've been hurt
& even played before
Don't you worry 'bout a thing
Cause I won't do you wrong
Just understand baby
You got me baby
Would you be my lady.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

I like to make love to you
From the down, romantic tone
Step into my room girl
& if you didn't know
Now you know
Call it, call it what you want
Spend the rest of my life with you
Until the day that I'm gone.

Bring that flavor favorite
Gone go 'head so stop that playin'
I'll be the late guy here
To take you girl from all that hatin'
So baby when your prayin'
I'll be the biscuit taste it

So won't you gone giddy up
You know girl I'll be the next to you baby.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

I Need Your Love & touch tonight
To feel your body next to mine
Kiss you all from head to toe
I need you, I need you.

I Need Your Love & touch tonight
To feel your body next to mine...
