I never knew a love like this before
I never knew a love like this before

For once in my life
I believed in my heart that I had it all
A love I can trust
That would never ever let me fall

When suddenly my heart started feeling
Stares of love that were burning
Building walls, building walls
Closing all my doors to love

I never knew a love like this before
How it's burning inside me
I never knew a love like this before
How I wish she would know this
I never knew a love like this before
She's just killing me slowly
I never knew a love like this before
Oh no no no babe

Closing my eyes I just think to myself
Will this nightmare end
How many tears will I have to cry
Till her heart does change

But I don't want to wait
I don't need to feel this way
I just made a big mistake, big mistake
Taking all her lies again

I never knew a love like this before
How it's burning inside me
I never knew a love like this before

How I wish you would know this
I never knew a love like this before
She's just killing me slowly
I never knew a love like this before
Oh no no no babe

Now she's gone
Cause I'm letting her go
Now she's gone

Now I'm all alone
Now she's gone
Away

I never knew a love like this before
How it's burning inside me
I never knew a love like this before
How I wish you would know this
I never knew a love like this before
She's just killing me slowly
I never knew a love like this before
Oh no no no babe

(I never knew a love like this)
I never knew a love like this before
How it's burning inside me
(I never knew a love like this)
I never knew a love like this before
How I wish you would know this
(I never knew a love like this)
I never knew a love like this before
She's just killing me slowly
(I never knew a love like this)
I never knew a love like this before
Oh no no no babe
