Please, don't go  
Please, don't go  
Please, don't go  
Please, don't go

(Please don't go, girl)  
Don't go, girl  
(You would ruin my whole world)  
Oh oh, girl, don't go

(Tell me you'll stay)  
Tell me that you'll stay with me  
(Never ever go away)  
'Cause everything will be alright

Yo, now listen to my story folks 'cuz it's all real  
And if you're out there, girl, listen this is how I feel  
I never meant to disrespect you in any way  
You're mine so neglect what your friends have to say

It's true I spend more time at work than I'm with you  
But in this business, this is something that I have to do  
Quality of time is a valuable requirement  
Reminisclin' on the days that I should've spent

But now, they went, they gone, can't get 'em back  
All I'm trying to do is bring my paper stack back  
From the beginning, I was winning and it's all good  
But now this way, it's not turning out the way they should

Many things got together, I wish I could  
Understand where I'm comin' from I wish I would  
I think about you all time and every minute  
I really can't see my future without you in it  
And that's for real, baby

(Please don't go, girl)  
Don't go, girl  
(You would ruin my whole world)  
Oh oh, girl, don't go

(Tell me you'll stay)  
Tell me that you'll stay with me  
(Never ever go away)  
'Cause everything will be alright

I ain't gonna lie, you bring the best out of me  
I'd rather chill wit you instead of runnin' the streets wit  
my peeps  
Just the two of us wrapped in the Polo sheets  
Livin' out of dreams, ain't that what you wanted from  
me?

I admit I got a little possessive, situations got  
aggressive  
I tripped off the things you suggested  
Pride overpowered my emotions  
Most of the time, I was coasting and taking love potion

Now, I'm on the couch huggin' a bottle  
And drinking slotion, love washed away into the ocean  
Too much commotion not enough devotion  
Left my heart roastin', now you braggin' and boastin'?

But that's okay, I'll be fine, forever you'll be mine  
I'll love you till the end of time  
You want me to beg, ha, I don't think so  
All I can say is, girl, don't go

(Please don't go, girl)  
Don't go, girl  
(You would ruin my whole world)  
Oh oh, girl, don't go

(Tell me you'll stay)  
Tell me that you'll stay with me  
(Never ever go away)  
'Cause everything will be alright

See girl, you got me in the sticky tight situation  
Don't blame it on me, blame it on my simple temptation  
You lead me somehow, someway to my destination  
Without you roamin' navigation with no calculation

I know the Louis Vuitton and Gucci don't mean nothing  
Appreciate everything you do, I guess that means  
something  
I know a lot of times you get up and just leave  
But you do love me that is something that I do believe

I'll give it all up just to get back all your hugs and kisses  
'Cause when you with me, you're without all

competition

I know from time to time you might see my eye drifting  
But you're the one that takes and catches all my  
attention

I know you see them houchies' numbers all in my phone  
You're like my OJ and now my juice is all gone  
So give me one more chance to take this last dance,  
lady  
Just thinking 'bout you out my life makes me go crazy  
I love you, baby

(Please don't go, girl)  
Don't go, girl  
(You would ruin my whole world)  
Oh oh, girl, don't go

(Tell me you'll stay)  
Tell me that you'll stay with me  
(Never ever go away)  
'Cause everything will be alright

(Please don't go, girl)  
Don't go, girl  
(You would ruin my whole world)  
Oh oh, girl, don't go

(Tell me you'll stay)  
Tell me that you'll stay with me
