oh
whoa oh

verse 1:

Last night, I had a dream of you and I
It felt so real, I reach my hands to hold you tight
oh oh
But it just when I open my eyes, I feel like I wanted to
cry
But I held back my tears, I know that one day will be as
one again (oh oh)

chorus

right back where we started baby
right where we left off (oh oh baby)
right back where we started baby
right where we belong

verse 2:

At times when I just think of you, I see your smile
I hear your laugh, your tender voice just for awhile
oh oh
But its just when I open my eyes, I feel like I wanted to
cry
But I held back my tears, I know that one day will be as
one again oh oh

chorus

right back where we started baby
right where we left off (oh oh baby)
right back where we started baby
right where we belong

verse 3: (DJ Kane)

I just can't help myself I miss you so much
I swear at times I still can feel your touch
But I know that one day will be together again

chorus 3x

right back where we started baby
right where we left off (oh oh baby)

right back where we started baby
right where we belong
