What do I stand here for?
What do you expect?
You want a master plan?
A call to arms? a manifesto?

No, you'll get nothing like this
It's just my trying to act my anger

My anger - not the revolution
My inner struggle - not yours
(Laughing, crying, screaming)
My anger - not the revolution
My war - not the world's
(Smiling, dancing, fighting)

I just try to express my feelings
I don't care what you say, I just try to express my
feelings
Our hearts don't beat 1, 2, 3, 4
Hardcore? honesty? expression of feelings

Sometimes all this feels so senseless
Like standing on stage, entertaining a crowd
That has come to dance and doesn't give a fuck
About what we really feel about our songs
This is no entertainment!
This means so damn much to us

Emotion is life
We need more love songs in hardcore
