Underneath the water
And the ocean's den
You hear that growl
It make's you sick

Burnin my eyes
Leavin the ones who know

You could be a martyr
Or the perfect fix
And all their eyes
Would melt from this

Feelin just fine
There ain't a way to lose control

But you could use that way
You could use that way
You're halfway home
Halfway home
You could use that way
You could use that way

Lady bought her laughter
From the Cosmic Cry
With strawberry lips, strawberry thighs

Jesus, come down!
There ain't no more to know

We drove the car to Neptune
When the sun was right
And baby turned and said, "It's time."

Rain falling down
How could I ever think I'm okay?

But you could use that way
You could use that way
You're halfway home

Halfway home
You could use that way
You could use that way

Falling sky
Neptune cries

I'm looking for the perfect love
I'm looking for the perfect love
You can lead me there waiting, honey
You can lead me there waiting, baby
