"Forever"

Forever you're my foundation
I know I can keep
Told I was good for nothing
Branded a cheat

Now I know why you listen
I can help you anytime
Love is all it is
I wonder what you people do with your lives

Hey, oh I wonder what you people do with your lives
Oh I wonder what you people do with your lives
Oh I wonder what you people do with your lives
Once more this will be forever

I can't withhold secrets
I know I'm going where the sun always shines
I know my son, we've made it
It can't escape my mind

I know my star, I know my star
Is a brighter star, brighter star
Forever be in my arms
Forever be in my arms

This could be a myth in the making
Under a spell
And down to ambition
I guess you could even call it a miracle

I see my true love coming
My little bundle of joy
I can help you realize
It's us and us only

I know I'm as good as my neighbor
A starter for ten
I can't promise I will always be with you
I promise I'll always be there

Oh I wonder what you people do with your lives
Oh I wonder what you people do with your lives

Oh I wonder what you people do with your lives
Oh I wonder what you people do with your lives

Oh I wonder what these people do with their lives
Oh I wonder what these people do with their lives

When you find it, you'll feel it
I'll give you all of my love
Hold it, don't leave it, misuse it
As long as you believe enough

My mind is multiplying
I have so much to give
I won't under estimate you
For the way that you want to live

Forever, forever
Forever, forever
Forever, forever
