I'm just lookin' to see what I'm missing  
You startin' the riot  
Ten green bottles have flown off the hillside  
You're too young to stay quiet

Find a seat on your own train  
I wanna share it only with you  
Gotta sail on for my sweet dreamer  
I'll never take it away from you

And we stand with our hands in the air  
And you're feelin' so good cos we care  
And you're freakin' about in the bush  
Feelin' good, feelin' high, it's a rush  
Count me in because I don't wanna work  
In no place in the whole universe

I'm just lookin' to see what I'm missing  
You started the riot  
Pretty soon I'll be blowin' to match you  
It's too dull and too quiet

I bet you talk about freedom  
But then throw it to the sea  
You better smile on for my sweet dreamer  
You'll never shake it away from me

And we stand with our hands in the air  
And you're feelin' so good cos we care  
And you're freakin' about in the bush  
Feelin' good, feelin' high, it's a rush  
I'm in because I don't wanna work  
In no place in the whole universe

Just lookin'  
Just lookin'

I bet you talk about freedom  
And then throw it to the sea  
Smile on for my master dreamer  
You'll never shake it away from me

Just lookin'  
Just lookin'  
Just lookin'  
Just lookin'
