I found you  
I turned you in to America  
I believe in you  
Telling you

The kind of mind  
Running wild  
I will do it with you  
I will do it without you

Oh my, my, my come dry your eyes  
So only one kind of mind who can truly satisfy  
Love is the key, love is the key  
I will sacrifice my soul to free you from misery

Love is the key, love is the key  
Love is the key, love is the key  
Love is the key, love is the key  
Love is the key, love is the key

Come feed me  
Come feed me with your attitude  
Your lucky creature  
A lady

The kind of mind  
Can truly satisfy  
I will do it with you  
I will do it without you

Oh my, my, my come dry your eyes  
So only one kind of mind who can truly satisfy  
Love is the key, love is the key  
I will sacrifice my soul to free you from misery

Love is the key, love is the key  
(I can feel with you, I can feel with you)  
Love is the key, love is the key  
(Like a wandering star a hungry will get you)  
Love is the key, love is the key  
(One kind of mind, I will satisfy)  
Love is the key, love is the key

(Your lucky creature you, I miss you)

I found you  
I turned you in to a miracle  
I believe in you  
I'm telling you

Oh my, my, my come dry your eyes  
There's only one kind of mind who can truly satisfy  
Love is the key, love is the key  
I will sacrifice my soul to free you from misery

Love is the key, love is the key  
Love is the key, love is the key  
Love is the key, love is the key  
Love is the key, love is the key

Love is the key, love is the key  
Love is the key, love is the key  
Love is the key, love is the key  
Love is the key, love is the key
