Hey, hey some missionary
Boil at 100 degrees
No one before has ever known what you're after
But who wants to know?

Standing here I've always known that you wanted to get
your hands onto my place
Forsaken I know she's got a bad time coming
But who wants to know

Ease yourself down on me

Overrising, washing me down again
Overrising, washing me down and now you're dragging
me out

Holding me down and now you'll obviously strip me

Of all the possessions I own
Nobody cares as long as you can remember
That he's the only god who drops you down

Ease yourself down on me

Overrising, washing me down again
Overrising, washing me down and now you're dragging
me out

Overrising, washing me down again
Overrising, washing me down and now you're dragging
me out

Overrising, washing me down again
Overrising, washing me down and now you're dragging
me out
