(Dear Lord as we prepare our heart to receive a Word from You, please accept our praise and receive this hymn as an offering to YOU)

Here we are in great anticipation
We have gathered in pursuit of You
Longing for divine revelation
Breathe on us with Your Word of truth

One Word is all we need to destroy captivity
And break the chains that are binding
One Rhema Word designed with your expertise, tailor-made for me
Speak Lord, through Your Word reveal Yourself to me.

Lips of clay are so unworthy to speak for You
So with grace won't You purge and clean
Breathe into me and like a masterful musician
Playing an instrument You can play through me
Your Word is a light unto my pathway

Your Word is a lamp unto my feet
Speak Lord (anybody need the Lord to speak to you?),
Speak Lord (anybody need the Lord to speak to you?),
Speak Lord, SPEAK LORD!

ONE Word is all we need to destroy captivity
And break the chains that are binding
One Rhema WORD designed with Your expertise, tailor-made for me
Speak Lord, Speak Lord, Speak Lord, reveal yourself to me (repeat)
SPEAK LORD! SPEAK LORD! SPEAK LORD, REVEAL YOURSELF TO ME! (repeat)
Speak Lord through Your Word, reveal yourself to me.

(Receive this our prayer, Oh Lord and send the Word)
