You can't stand
It's like when you clean your butt and watch your shitty
toilet-paper
That's your girl can't avoid looking around on the
beach with 1000 tits
And you the same insensible dranght...
You never wanna grow a sunday sleeper
And nothing more she should see the difference,
Man thoughts meaning ashes blonde tits just for past-
time,
I've never touched plastic fantasies, just male
emotions at all
I've seen her reading a fancy romance warriors,
dwarfs, dragons, amazons and elves
So I smile and understand:
I'm this kind of man that she loves but no sword in my
brave hand
I win my enemies with a beer I think it's so easy
realizing the analogy don't ask more
I love you, ok but you're not only one in this world
