When the light comes and stops on me
The friend of the energy yeah
She's that light and she takes off pants
Big porn star, ordinary blow-job
I wanna fuck like an animal thought
And I don't care if she feels hot
Porn actor I am
I come on her beauty face
And I smile, It's what she hates
Porn actor I am
Cashing money doing well
Requirements: A big cock in my hand
No doubt when I go back home to
Greet my pornstar-girl no stress here
A Life together doing small things
Understand I'm like you to the end,
Just a man with a good Job
That's all folks, I'm coming girl
So blow
Porn actor...
I friend said: Don't think if you've a child! ?
And I asked: "You! Another stereotype!"
