Now the mist across the window hides the lines
But nothing hides the color of the lights that shine
Electricity so fine, look and dry your eyes

We so tired of all the darkness in our lives
With no more angry words to say, we can come alive
Jump into the car and drive to the other side

Steppin' out into the night, into the light
Groovin', steppin' out into the night, into the light

You, you can dress in pink and blue just like a child
And in a yellow taxi turn to me and smile
We'll be there in just a while

Take the music on the dial
We can swing another mile
We'll be steppin' out in style
If you jump and follow me, babe

Steppin' out into the night and into the light
Groovin', groovin', steppin' out into the night, into the
light
Groovin', steppin' out into the night, into the light
Groovin', steppin' out into the night, into the, into the
light

Groovin'
