Everything that was sweet
Got sweeter when you came in
Living too long on the safe side
Held my cards to close to my chest.
I threw away my dating-abc
Started believing in you and me
So here I stand with my heart in my hand
Asking you, I'm asking you

Won't you come dance with me
This will be our harmony
Baby, come dance with me
Be that someone special.

So when the lights are fading out
We're floating across the floor
It's not easy when the time is up
We've been guided to the door
Even if sparks fail to come
I'm going to give it an honest try
I'm ready to offer my home
But too late my oh my

Won't you come dance with me
This will be our harmony
Baby, come dance with me
Be that someone special.

Ahh Ahh
So I pull myself together
And noticed she was gone
Oh, maybe tomorrow
I know you'll come dance with me
This will be our harmony

Oh baby, come dance with me
Be that someone special
Baby come dance with me
This will be our harmony
Oh baby, come dance with me
Be that someone special

Be that someone special.
