You say  
It's solid poetry  
It's what you want to see  
Some sensuality

When you cry,  
I just can't prove you wrong  
Hell I just play along  
I guess it turns you on...

The games we play  
The shows we give  
The hearts we break  
We live through this  
The games we play

(oh) Do right,  
It's getting critical  
Are we too cynical  
Could use a miracle...

The games we play  
The shows we give  
My heart you break  
I live through this...  
The games we play

The games we play  
The rules we make  
Like secret codes,  
We can't escape  
The games we play...  
" The games we play..."

You say  
There really is no doubt  
We just can't do without...

(solo chorus)  
" The games we play  
" The games we play..."

The games we play  
The shows we give  
The hearts we break  
We live through this  
The games we play

The games we play  
The rules we bend  
With lovers lust, we will defend  
The games we play...

You say  
It's solid poetry
