I've been walking in circles  
Watching you every day  
I've been taken every care  
Not to scare you away

I've made you my friend  
You put your trust in me  
I'm a shoulder to cry on  
Whenever you're in need

I've been reading your ways  
Looking for a sign  
Is there any chance at all  
That I can make you mine?

Well, I've come this far  
But, there's a longer way to go  
My chances look slim  
But soon I will know

It's tearing me up inside  
Holding back for you  
Feeling are hard to hide  
They're 'bout to slip right through

It's tearing me up inside  
I don't know what to do  
I know I'll lose this fight  
How can I let you know?

I've been trying lately  
To show you in secret ways  
I've reached out to touch you gently  
Stricken by your grace

I just hope that you'll see  
And help me break this pain  
If I loose you by telling  
It's all been in vain

It's tearing me up inside  
Holding back for you

Feelings are hard to hide  
They're about to slip right through

It's tearing me up inside  
I don't know what to do  
I know I'll lose this fight  
How can I let you know?

There was a time before  
When I thought I was great  
But now I'm here with you  
I shiver and I shake

I've found the words of love  
And it all comes questions now  
I close my eyes, I let them go  
I have to let you know

It's tearing me up inside  
Holding back for you  
Feeling are hard to hide  
They're about to slip right through

Oh, it's tearing me up inside  
I don't know what to do  
I know I'll lose this fight  
How can I let you know?  
That it's tearing me up inside

Oh, it's tearing me up inside  
I don't know what to do  
I know I'll lose this fight  
How can I let you know?
