We were walkin' down the road at night
And all the brothers and sisters they were goin'
nowhere
Peace and love were not around
Trouble and strife were everywhere

We saw jerry's, we saw jerry's daughter
We saw jerry's, we saw jerry's daughter
No peace and love were all around
And the brother and sister are free to go where they
want and be who they want to be
And nobody wears flowers in the hair
'cause flowers are everywhere
Flowers are everywhere

We saw jerry's, we saw jerry's daughter
We saw jerry's, we saw jerry's daughter
